Two Cent Rate in Kentucky.

The two-cent railroad fare in Indiana is reflecting in Kentucky where there is competing lines, particularly the L. H. & St. L. in Kentucky from what are practically competitive points for the Southern road in Indiana and the Henderson Route in Kentucky. The Southern made a two-cent rate to conform to the law recently enacted by the Indiana Legislature. This compelled the Henderson line to do the same.

The two-cent rate law in Ohio has also forced the C. & O. to a similar rate from Ashland to Cincinnati in competition with Ohio lines operating across the river. On all other divisions of the C. & O. the rate has been reduced to two and one-half cents per mile.

Died in New York.

Calvin S. Brodhead, senior member of the firm Brodhead-Garrett Co., this city, died in New York Monday of last week. Mr. Brodhead was about sixty years old and was worth about one and one-half million dollars.

Nice line of Wall Paper just received at Shimmessel's.

The Missouri Plan.

Missouri authorities have discovered that good roads are not necessarily expensive. Farmers on a main road can turn a mud road into a good macadam road, it is claimed, for an annual tax of ten cents an acre for twenty years. The state is to furnish the engineering and the money to pay half the cost of building the road. The matter will rest with the farmers.

Such a provision in the Kentucky statutes should be enacted and surely no farmer would object to paying ten cents an acre road tax when it would make such land worth as much again after the road is completed.

Value of Newspaper Reading.

That is a wise teacher, who, according to the Morganfield Sun says that "pupils who have access to newspapers at home, when compared with those who do not, are better readers, better spellers, better grammarians, better punctuators, and read more understandingly, and obtain practical knowledge of geography, in almost half the time required by others. The newspaper is decidedly an important factor in modern life. This will not be disputed by any one who has taken the trouble to investigate the matter for himself.

Work to Soon Begin.

Dr. E. O. Guerrant, of Wilmore, Ky. and president of the new orphan's home in this city was here Saturday looking after some business pertaining to the school. Work will soon begin on some additional buildings to be completed by September 1st, when they get possession of the present buildings. The school will care for one hundred or more orphans. It will be nonsectarian.

Jeff Davis' Birthday.

How many people know that June 8 next will be the ninety-ninth anniversary of the birth of Jefferson Davis, head of the Southern Confederacy? Plans have already been set on foot at many places in the south for observing the centennial of his birth, next year. Jefferson Davis was born in Kentucky as was Abraham Lincoln.

Died in Oklahoma.

Mr. Duane Hall died at his home in Blackwell, Okla. last week, aged 85 years. He is survived by a wife, formerly Miss Louise Todd, who has many relatives in this county, and six children. He is an uncle of the editor of this paper, and was a merchant at Spout Spring some fifty years ago.

Badly Burned.

Frank Daniel had an arm and his face badly burned last week while extinguishing a blaze in a cyclone at the boiler house of the big planing mill. He is getting along very well, but the burns still gives him much pain, and he will not be able to work for several days.

Council Meeting.

Last night the Clay City Council was in regular monthly session and several important measures were to have come up, but we went to press too early to get a report of the proceedings. The election of teachers was one part of the business scheduled. Prof. Campbell is an applicant for Principal; Prof. F. P. Tracy is an applicant for First Assistant and Mrs. Ware applies for the Second Assistant's place. These are the only advance applicants, one for each place, and it is quite probable all were elected.

\$100 Reward, \$100:

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Wake Up! Wake Up!!

And realize the fact that I am here to help you as well as myself. Why in the name of common sense should you keep on encouraging a high price store when I am offering you the same goods, and really much fresher, at a saving of from 10 to 50 cents on the dollar. Some measly competitors will tell you all kinds of stories about shoddy goods, short weights and etc., but come and judge for yourself by giving me a fair trial. Don't knock and tell others if we make a mistake, but tell me and I will gladly do my part to correct same and thank you besides. Don't forget the fact that before I opened my grocery and cut the prices, you got only 14 pounds of sugar for \$1.00, and other goods in proportion. So if you are now able to get a little more at other stores than formerly, it's because I made it so. Therefore you should give credit to whom it belongs, and show your appreciation by trading with me.

(3) 103, won; Harbor (3) 91, second; Fo-
ster (3) 91 third. Four starters. Time,
1:40. Four hundred dollars.

In 1905 Dalvay started three times
and was once unplaced. His winning
races follow:

Jan. 19, Los Angeles—Purse, all ages
5 1/2 furlongs—Dalvay (4) 103, won; Tim
Hurst (3) 94 second; Passadene (3) 90
third. Eight starters. Time, 1:36 1/2. \$325.

furlongs—Dalvay 114, won; Tom Payne
4 105, second; Ora Viva 5 103, third.
Four starters. Time, 1:13 1/2. \$225.

Last year Dalvay was started twice.
At Brighton Beach July 26 he finished a
good fourth after having been practi-
cally left at the post, and Aug. 13 at Sara-
toga broke down and has not since been
trained. It will be noted that in his race
at Harlem Sept. 9, 1904 Dalvay ran a
mile in 1:39, defeating a number of the
fastest horses in the West. He won,
pulled up by two lengths and could un-
questionably, have made better time
if it been necessary. In all Dalvay
won twelve races, was four times un-
placed, once third and four times un-
placed. His winning totaled \$9,290.

This most excellent horse will make
the season of 1907 at the stable of Thos.
Conlee one mile west of Stanton at the
low service fee of \$10 00.

This is an excellent opportunity for
Powell county farmers to get the serv-
ice of a thoroughbred horse. There is
no better in the State.
